## Liveprofessor For Mac

Plugin outputs can be split to any number of destinations (including other plugins) and the physical outputs can have as many sources as you want.. LiveProfessor makes it easy to create a powerful, portable and flexible effect rack using VST or AU plugins.. Hardware controllers LiveProfessor has an extensive system for using hardware controllers to control plugin parameters and program functions.. There is summing on each plugin input, so you can have more than one source go to the same input.. Both types have filters that let you choose which functions should be recalled This allows you to recall only some settings without changing parameters you need to tweak manually during the performance.. All though we try to provide the best possible support possible, we cannot be held responsible if your computer crashes or your show is disrupted.. x plugins and instruments Choice of audio hardware is totally up to the user Flexible audio routing LiveProfessor has a very flexible routing system, you can route audio anyway you like.. The software was developed in close collaboration with experienced audio professionals from live sound, theatre and broadcast, and is used everywhere from large venues to small clubs, bedrooms to OB-trucks and one-man-bands to theatres.. Cue lists The cue list helps you change LiveProfessor's settings during a performance.

Choose between snapshots that recall individual plugins or global snapshots that recall the entire state of a project.. Live oriented plugin host LiveProfessor MacLiveProfessor MacSupports virtually unlimited number of VST 3.. Audiostrom LiveProfessor 2 2 1 macOS LiveProfessor is a live oriented plugin host for Windows and OSX.. A cue list is made up of cues containing one or more Actions Examples of actions are recalling a snapshot, changing the audio patch, sending midi messages, changing tempo, etc.. Midi Modifiers Each plugin has a set of powerful Midi Modifiers These are especially useful for keyboard players, with functions such as transpose, key-zone and filter.. Typically you have one or more cues pr Song and step thru the list during the show to recall the right settings for each song.. Snapshot automation LiveProfessor has extensive snapshot automation web browser window for mac Everyone who downloads and installs a file from this site does this without LiveProfessor's responsibility.
